implementation

Crisis and Risks Engineering for Transport Services

This project has been funded with support from the European Commission. This presentation reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained there in.

State Higher Education Institution "Pryazovskyi State Technical University", Transport Technology Faculty

ACTIVITIES IMPLEMENTED

Work package	Date / participants	Activities
Development	 Department of Transport Technologies 20.02.2020 for 5 teachers 18.02.2020 for 47 students, 24.02.2020 for 30 students, 26.02.2020 for 15 students. Department of Transport Technologies of Enterprises 20.02.2020 for 5 teachers Department of International Transportation and Logistics of Enterprises 19.02.2020 for 6 teachers, 17.02.2020- for 17 students, 18.02.2020 for 24 students Department of Metalurgy and Technology of Welding Production 19.012.2019. for 12 teachers 27.02. 2020 	 1-4. Training for teachers/students at PSTU on the results of UPHF / WUT 5. New MA Educational Program "Engineering of Crisis and Risks for transport services" was approved by PSTU Scientific Council in the framework of specialty accreditation certificate 275 Transportation technologies (by road) which is valid until July 1, 2027
Dissemination	March 20, 2020 March 11, 2020 March 05, 2020 February 20, 2020	Valeria Kolosok, CRENG teacher from PSTU participated in the program of Mariupol TV CRENG professional orientation seminar for the students of Automobile Transport Department Day of Open Doors at PSTU. Faculty of Transport Technology presented CRENG for school leavers of Mariupol- perspective CRENG students The Faculty of Transport Technologies conducted a Round Table on 1st year CRENG results at PSTU, which summarized the trainings on the CRENG curricular at the European partner universities
Management	During project running	Skype meetings, PSTU work group meetings

ACTIVITIES IMPLEMENTED WP2

Department of Metalurgy

and Technology of Welding Production

Department of Transport Technologies

CRENG Trainings for teachers at PSTU

Department of International Transportation and Logistics of Enterprises

Department of Automobile Transportation

ACTIVITIES IMPLEMENTED WP4

CRENG professional orientation seminar for the students of Automobile Transport Department

Day of Open Doors at PSTU. Faculty of Transport Technology presented CRENG for school leavers of Mariupol- perspective CRENG students

The Faculty of Transport Technologies conducted a Round Table on 1st year CRENG results at PSTU, which summarized the trainings on the CRENG curricular at the European partner universities

Valeria Kolosok, CRENG teacher from PSTU participated in the program of Mariupol TV

Course development

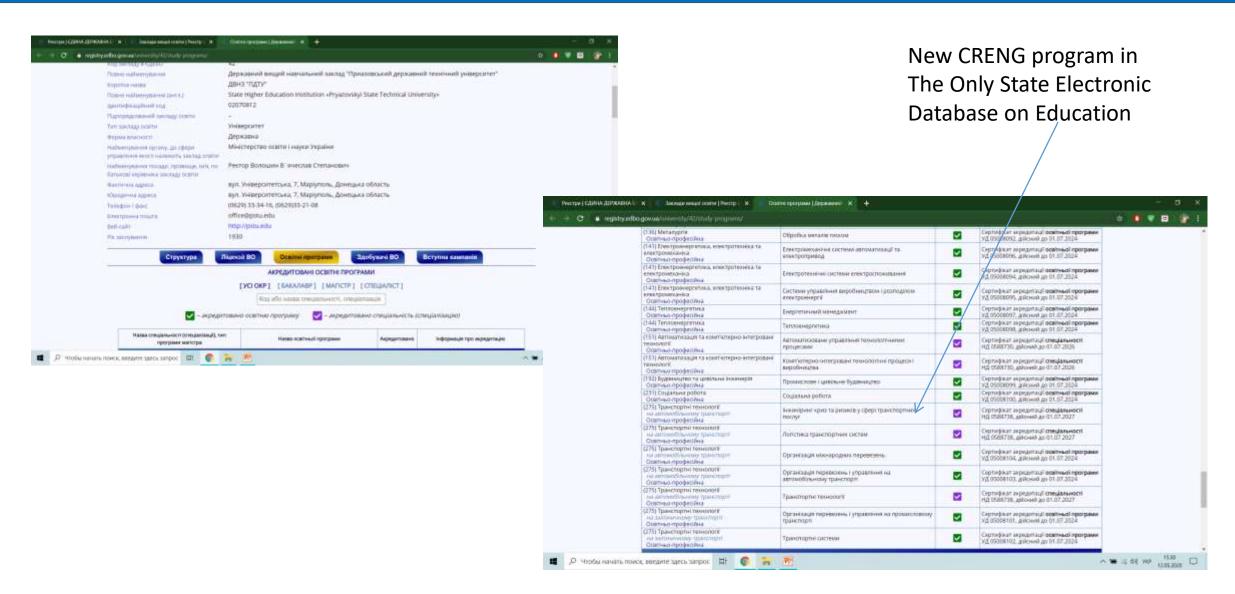

Course Ng	Title of the course	Number of ECTS	Estimate the percentage of course description development	Estimate the percentage of lecture notes/ presentations development	Estimate the percentage of course work methodology development (if applicable)	Estimate the percentage of practical/ laboratory work methodology development	Estimate the percentage of Moodle course	descriptment Estimate the percentage of content, that is planned to be delivered in English (if applicable)
1	New technologies and big data for innovations in crisis and risk	4	100	100		100		15
	management + IT Security							
2	Risk and crisis forecast, Analysis and Reduction Methods and Tools	4	45	20		10	15	15
3	Simulation of complex transport processes and systems that operate in	5	100	100		100		15
	conditions of risks							
5	Humanitarian logistics and transport services in disasters conditions	4	50	30		25		15
6	Informational-Analytic and Diagnostics for Sociotechnical System	4	40	30		30		15
7	Risk and crisis engineering of Transport systems	4	80	60	-	50	80	15
8	New challenges for crisis and risk management in logistics systems	5	80	50	-	90	80	15
9	Supply chain management and networks	5						15
10	Health, Safety & Environmental Management Systems	com	bine with	Human	Factors in D	esign & Ope	eration	S
11	Project management and leadership in logistics and research, through	4	45	50		35		15
	open communication and team-working							
12	Research methods and professional development	5	45	40		10	15	15
13	Carrier Managing, Soft skills for engineers, basics of technical creativity	4	90%	90	n/a	50	90	15

CRENG INTERNATIONAL TEXT-BOOK

1	Title of Chapter developed, by PSTU		Supply Chain Management and Networks
2	Name of the person(s) responsible for redacting (name, position, e-mail)	 2. 	Maryna Khara, Associate Professor of the Transport Technologies of Industrial Enterprises Department, Deputy Dean of the Faculty of Transport Technologies, haramarina4691@gmail.com Iryna Nikolaienko, Associate Professor of the Department of Technologies of International Transportation and Logistics , iryna.vnikolaienko@gmail.com
3	Team of authors (name, position)		Natalia Zakharenko, Associate Professor, Dean of the Faculty of Transport Technologies Ph.D. Andriy Lamzyn, Head of the Department Organization of International Transportation and Logistics, Associate Professor; Ph.D. Maryna Khara, Associate Professor of the Transport Technologies of Industrial Enterprises Department Deputy Dean of the Faculty of Transport Technologies Iryna Nikolaienko, Associate Professor of the Department of Technologies of International Transportation and Logistics
4	Draft of Chapter content/ plan	 1. 2. 3. 4. 5. 	Methodological Provisions and Business Bases of the Supply Chain Management. Development Trends of the Supply Chains and Networks. Enterprises Internal Activities and Relationships with Partners in the Supply Chains and Networks. Logistic Services in the Supply Chains. Logistics and Transportation Procedure.
5	Date of the first draft of the Chapter completion		December 2020

CRENG INTERNATIONAL PROJECT BASED LEARNING (IPBL)

1	Name of the person responsible for PBL methodology at PSTU	MYKHAILO POMAZKOV, Associated Professor of the Department of Organization of International Transportation and Logistics e-mail: Pomazkovmik1@gmail.com
3	Title of CRENG courses, where IPBL methodology will be implemented/ Name of courses developers	Informational-Analytic and Diagnostics for Sociotechnical System (A. Lyamzin) Supply chain management and networks (M. Pomazkov)
4	Dissemination seminar on IPBL at PSTU	 Work shop on IBBL was conducted on Dec.10,2019 for 10 teachers 1.)Subject and object of project-based learning methodology. 2.) Foreign experience in applying the IPBL methodology in the learning process. 3.) Ways to apply the IPBL methodology in practice in the conditions of the "PSTU" and the city of Mariupol. 4.) Plan for the implementation of IPBL methodology in practice. 5.) Assessment of the quality of disclosure of material project-based learning by teacher Mykhailo Pomazkov
5	Partner to cooperate on joint international PBL project development	METINVEST HOLDING LLC

QUALITY ASSURANCE – MA Program CRENG ta PSTU

1	Quality indicators with the help of which quality of CRENG MA Program will be assessed at PSTU	List of quality indicators: 1. Compliance with the competencies of the educational program for the training of masters. 2. Compliance with new achivments in the field of transport and information technology in transport. Taking into account chellengers in the global economy and current trends in the development of transport technologies. 3. 3. The use of relevant scientific publications of project participants in the development of the course. 4. Analysis and use of scientific and practical experience of European universities and transport companies. 5. The demand for the proposed course among the enterprises of the region and the city. 6. The developed programs comply with the requirements of the Scientists and Methodological Councils of PSTU for educational materials.
2	List of possible peer reviewers (name and position):	 Sergyi Turpak, Doctor of Technical Sciences, Professor, Head of the Department of Transport Technology of the National University of Zaporizhzhya Polytechnic Chernetska-Biletska Nataliya Borisivna Prof. D. Sc. Director of the Institute of Transport and Logistics, Head of Department Logistic management and safety for transport, Volodymyr Dahl East University

http://genconis.com/

Genconis Ltd is chartering vessels for shipments of dry bulk and general cargoes ranging from 1000 mts up to 35000 mts parcels from ports of Azov / Black and Mediterranean Seas & Far East ports and render Agency Services in all Ukrainian ports for all types of vessels.

Thank you for your attention!!!
