

WIDER OBJECTIVES

To support development of Crisis and Risks Engineering for Transport Services (CRENG), to ensure sustainability of Ukraine (UA), Azerbaijan (AZ) and Turkmenistan (TM) transport systems for their integration into Global Transportation Network. To contribute CRENG development in PCs, the project will create the environment for education of high-skilled specialists in line with labour market and according to EU best practices and Bologna process.

SPECIFIC OBJECTIVES

- To develop, implement and accredit a new practice-oriented, student-focused MA program "CRENG", including innovative teaching, learning approaches and ECTS in UA, AZ and TM;
- To bring the Higher Education Institutions (HEIs) in UA, AZ and TM closer to the labor market in CRENG area;
- To increase collaboration between EU and UA, AZ and TM HEIs in CRENG area.

CONSORTIUM

Project Coordinator:

- Warsaw University of Technology, PL

EU Partners:
